From the junction of Skateraw and Old Mill Roads, walk south towards the Bettridge Centre, our independent community-owned-and-managed leisure centre which offers a wide selection of sports, community, arts and social activities – including walking groups - for people of all ages and abilities.

# Quoilers / Taste of China

Pass between the two right-hand buildings and follow the Newtonhill nature trail signs along the top of the field, parallel with the railway.

# Bettridge Centre

You should see information posts about chaffinches, hedgehogs, bluebells, rabbits (often plentiful along this stretch) and meadow brown butterflies.

When you reach “meadow brown”, head right into the corner of the field, cross a stile and continue alongside the railway, with great views opening up.

**Over the stile and along the top edge of the field**

Cross the railway at Silvers Bridge and head straight up the edge of a field (the track to the left is private access to the farm).

**Straight up the hill, ignoring farm track**

At the top of the slope, pause to admire the magnificent view along towards the rocks off the coast at Muchalls before turning sharp right up the field

edge towards a mast, turning left to pass the mast and along the top of the field until you come to a metal gate. (This is the start of route 6)

Go through the gate and head away from the sea up the wide path. Just before reaching the houses, take a

path to the right then the left, cross Cairnhill Way and join a well-made path behind more houses and then on down Park Place.

Carry on past the football pitch and tennis courts on your left and turn right, back over the rail bridge and then left, back towards Skateraw Road and the café, pharmacy, pubs and takeaways of the village centre.
